Summary

Software Engineer with 2 years of experience in designing, developing, and maintaining full-stack web applications using **React.js, Node.js, Express.js, MongoDB, SQL, JavaScript**, HTML5, and CSS3. Skilled in developing scalable applications, building RESTful APIs, integrating databases, and creating responsive user interfaces. Experienced in Agile development and version control. **Certified AWS Developer (DVA-C02)**.

Experience

HCL Technologies

Software Engineer

Oct 2024 – Present

Lucknow, India

- Developed and maintained scalable React.js applications using component-based architecture, reusable UI components, hooks, and state management techniques to deliver responsive and high-performance user experiences.
- Designed and implemented frontend modules with REST API integration, enabling seamless communication between client-side applications, backend services, and enterprise systems.
- Optimized application performance through code splitting, lazy loading, memoization, efficient state updates, and browser rendering optimizations, improving responsiveness and user experience.
- Participated in Agile development practices including sprint planning, backlog refinement, code reviews, unit testing, CI/CD deployments, and technical design discussions to ensure high-quality software delivery.

Genpact India Pvt Ltd

Technical Support Engineer

Aug 2024 – Sep 2024

Hyderabad, India

- Provided support for client account operations and financial transaction discrepancies, conducting investigations and coordinating resolutions through internal systems and processes.
- Utilized internal troubleshooting tools to analyze login and account access issues, perform root cause analysis, and assist customers with secure account recovery.
- Collaborated with customers and internal teams to resolve service requests, document findings, and maintain compliance with security and customer service standards.

Fynd Academy

Software Engineer Trainee

Sep 2023 – Jan 2024

Remote / Mumbai, India

- Built full-stack web applications** using React.js, Node.js, Express.js, and MongoDB, implementing end-to-end application workflows.
- Contributed to the development of a micro-frontend React application, enhancing modularity and maintainability.
- Worked in an **Agile environment**, delivering features through **sprint-based development** and team collaboration.

Projects

Vehicle Assistance Application | React.js, Tailwind CSS, Node.js, MongoDB

[GitHub](#)

- Developed a full-stack MERN application connecting users with nearby mechanics, enabling service discovery, booking management.
- Built scalable **REST APIs** using Node.js and Express.js and implemented **JWT-based authentication**.
- Designed and optimized MongoDB database schemas for efficient management of users, bookings, and service records.

NGO Full Stack Website | HTML, CSS, JavaScript, Bootstrap, Node.js

[Live Project](#)

- Developed and deployed a full-stack donation platform to support fundraising and social initiatives for a non-profit organization.
- Integrated Cashfree **Payment Gateway**, enabling secure online donation processing and reducing manual payment handling.
- Built a **responsive user interface** using Bootstrap, ensuring a seamless experience across desktop and mobile devices.

Technical Skills

Programming Languages: C++, Java, Python, JavaScript, SQL

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication

Databases: MongoDB, MySQL, SQL

Cloud & Tools: AWS, Docker, Linux, Git, GitHub, Postman, VS Code

Core Concepts: Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, SDLC

Education

Feroze Gandhi Institute of Engineering and Technology

Bachelor of Technology, Computer Science Engineering — CGPA: 7.4/10

Raebareli, Uttar Pradesh

Aug 2020 - June 2024

Achievements and Certifications

- AWS Certified Developer – Associate (DVA-C02)**
- AWS Certified SysOps Administrator – Associate (SOA-C02)**
- TCS NQT Qualified**, demonstrating strong technical and analytical aptitude.
- IIT Ropar Python Bootcamp: Secured 4th Rank** in a national-level coding challenge.
- CodeChef START62D (2022): Achieved Global Rank 182** among 13,500+ participants.
